

### REMARKS

Claim 20 remains in this application. In order to place the present application in condition for allowance, claim 21 has been cancelled without prejudice.

The allowance of claim 20 is noted with appreciation. The prior art of record, including Brain (US Patent No. 5,034,847) and Le Vasseur (US Patent No. 4,055,174) does not show or suggest the applicant's invention, delineated by present claim 20. Specifically, the prior art of record does not disclose an immersible structure comprising a diving fin with an electroluminescent lamp as recited by claim 20.

In view of the cancellation, without prejudice, of claim 21 and the remarks set forth above, it is respectfully submitted that the present application is in allowable condition. Accordingly, the allowance of this application is earnestly solicited.

Respectfully submitted,  
Marni M. Hurwitz
